We have been associated with John and Gael at Deliver Clever for more than 10 years and they have grown with us as both Companies have expanded. Our entire delivery service for our customers is handled by Deliver Clever and they are an integral part of our business. They supply us with our own dedicated vans and crews and they take care of everything that is associated with the routing, scheduling, and practicalities of each delivery

We can concentrate on what we do best, selling, and they concentrate on what they do best, which is delivering. It is a perfect combination and it works seamlessly for us.

We offer the majority of our customers next day delivery and it is essential that we have the facilities to do this and this is handled expertly by Deliver Clever.

They are reliable, professional, efficient and well organised and I have no hesitation in supplying this testimonial for them
