

VOGUE BEDS

Deliver Clever have been a vital part of our delivery service to businesses north of the border for more than 8 years.

We drop-ship our Scottish postcode orders at their Glasgow depot for onward delivery to Scottish towns and cities and they always carry out these deliveries for us in an efficient, speedy and professional manner.

John & Gael and all of their staff are a pleasure to work with and have an infectious 'can do' attitude whenever we contact them.

I would not hesitate to endorse them for their services and cannot praise them highly enough for their friendly and helpful approach
